

AVERY & BRIAN BAKER

STAGE INTRODUCTION

The Avery and Brian Experience was first imagined in early 2018 as an opportunity to help families develop healthy, long-term relationships. It began as a conversation over dinner about helping their local community.

Since that time, Avery and Brian have spoken to over 35,000 people, and presented keynote addresses at corporate conferences, college faculty retreats, business leadership events, and commencement ceremonies, and they are the authors of ***Love Wins - 5 Keys to Strengthen Your Relationships.***

As two individuals who have a passion for building positive relationships, they believe that prosperity at work and success in life are directly connected to how you manage yourself and your interactions.

Their story is an example that no matter what happens in your relationship, if you're willing to examine yourself, be adaptable to change, and maintain a positive outlook, things can always, always get better!

They are thrilled to be joining us today. Please welcome Avery and Brian!
